<p>Funding Programme Capacity building in the field of youth (ERASMUS-YOUTH-2023-CB) Deadline date 08 March 2023 17:00:00 Brussels time</p>	
<p>Scope</p>	<p>Capacity-building projects are international cooperation projects based on multilateral partnerships between organisations active in the field of youth in the Programme and third countries not associated to the Programme. They aim to support international cooperation and policy dialogue in the field of youth and non-formal learning, as a driver of sustainable socio-economic development and the well-being of youth organisations and young people.</p>
<p>Objectives (bullet points)</p>	<p>The action will aim at:</p> <ul style="list-style-type: none"> • raising the capacity of organisations working with young people outside formal learning; • promote non-formal learning activities in third countries not associated to the Programme, especially targeting young people with fewer opportunities, to improve the level of competences while ensuring the active participation of young people in society; • support the development of youth work in third countries not associated to the Programme, improving its quality and recognition; • foster the development, testing and launching of schemes and programmes of non-formal learning mobility in third countries not associated to the Programme; • contribute to the implementation of the EU Youth Strategy (2019-2027) including the 11 European Youth goals; • foster cooperation across different regions of the world through joint initiatives; • enhance synergies and complementarities with formal education systems and/or the labour market; <p>THEMATIC AREAS / SPECIFIC OBJECTIVES</p>

	<p>Proposals should focus on one or more of the following thematic areas:</p> <ul style="list-style-type: none"> • political participation and dialogue with decision-makers; • inclusion of young people with fewer opportunities; • democracy, rule of law and values; • empowerment/engagement/employability of young people ; • peace and post-conflict reconciliation; • environment and climate; • anti-discrimination and gender equality; • digital and entrepreneurial skills.
<p>Activities</p>	<p>The activities proposed must be directly linked to the general and specific objectives of the action, i.e. they must correspond to one or more of the thematic areas listed above and they must be detailed in a project description covering the entire implementation period. Finally, in the context of this international worldwide action, project activities must focus on building and strengthening the capacities of youth organisations and young people principally in the third countries not associated to the Programme covered by the action. Funded projects will be able to integrate a wide range of cooperation, exchange, communication and other activities that:</p> <ul style="list-style-type: none"> • contribute to encouraging policy dialogue, cooperation, networking and exchanges of practices; • promote strategic cooperation between youth organisations on the one hand and public authorities, particularly in eligible third countries not associated to the Programme; • promote the cooperation between youth organisations and organisations active in the education and training fields as well as with organisations from the labour market; • raise the capacities of youth councils, youth platforms and local, regional and national

	<p>authorities dealing with youth, in particular in eligible third countries not associated to the Programme;</p> <ul style="list-style-type: none"> • enhance the management, governance, innovation capacity, leadership and internationalization of youth organizations, particularly in eligible third countries not associated to the Programme • support the development of information and awareness campaigns, as well as the development of information, communication and media tools; • help develop youth work methods, tools and materials; • create new forms of delivering youth work and providing training and support; facilitate non-formal learning mobility. <p>Examples of activities include:</p> <ul style="list-style-type: none"> • the development of tools and methods for the socio-professional development of youth workers and trainers; • the development of non-formal learning methods, especially those promoting the acquisition/improvement of competences, including media literacy skills; • the development of new forms of practical training schemes and simulation of real-life cases in society; • the development of new forms of youth work, notably strategic use of open and flexible learning, virtual cooperation, open educational resources (OER) and better exploitation of the ICT potential; • the organization of events/seminars/workshops/exchange of good practice for cooperation, networking, awareness raising and peer-learning purposes • the organisation of mobility activities for young people and/or youth workers in order to test tools and methods developed by the partnership. Please note that mobility activities must be secondary to
--	---

	<p>the main objectives of the action, and must be instrumental to and underpin the achievement of these objectives</p> <p>HORIZONTAL ASPECTS TO BE CONSIDERED WHEN DESIGNING YOUR PROJECT: Environmental sustainability Inclusion and Diversity Digital dimension</p>
<p>Who can apply?</p>	<p>The applicants (coordinator and full partners) must be legal entities:</p> <ul style="list-style-type: none"> • NGOs (including European Youth NGOs and national Youth Councils) working in the field of Youth ; • Public authorities at local, regional or national level; They should be established in an EU Member State or third country associated to the Programme, or organisations in third countries not associated to the Programme from regions 1 and 3 (please see section "Eligible Counties" in Part A of Programme Guide). • Public or private companies (small, medium or large enterprises (including social enterprises) may also participate but not as coordinators. <p>Proposals must be submitted by a consortium of at least 4 applicants (coordinator and full partners), which complies with the following conditions:</p> <p>covering at least 1 EU Member State or third country associated to the Programme;</p> <p>covering at least 2 eligible third countries not associated to the Programme.</p> <p>Affiliated entities do not count towards the minimum eligibility criteria for the consortium composition.</p>

<p>Funding Programme European Youth Together (ERASMUS-YOUTH-2023-YOUTH-TOG) Deadline date 09 March 2023 17:00:00 Brussels time</p>	
<p>Scope</p>	<p>European Youth Together projects aim to create networks promoting regional partnerships, enabling young people across Europe to set up joint projects, organise exchanges and promote trainings (e.g. for youth leaders) through both physical and online activities. The action will support transnational partnerships for youth organisations from the grassroots level to large-scale partnerships, aiming to reinforce the European dimension of their activities, including how to live better together and helping to design sustainable future ways of living, in line with the European Green Deal and the New European Bauhaus initiative.</p> <p>Important thematic priorities are working with and promoting the EU Youth Goals and, in general, the EU Youth Strategy 2019-2027. The European Youth Goals are also reflected in the President von der Leyen Commission's political guidelines. Project proposals may also treat the themes of the 'Conference for the Future of Europe'. The European Parliament elections in 2024 are relevant in the context of this action.</p> <p>Young people and youth organisations are key actors in the recovery from the COVID-19 pandemic. Youth networks should consider ways of forging solidarity and inclusiveness, and how to improve quality of life after the pandemic, which concurs with challenges related to digital skills and sustainable green lifestyles.</p>
<p>Objectives (bullet points)</p>	<p>The action seeks to specifically support:</p> <ul style="list-style-type: none"> • The promotion and development of more transnational structured cooperation, online and offline, between different youth organisations to build or strengthen partnerships focusing on solidarity and inclusive democratic participation of all against a backdrop of the backlashes on socio-economic structures and in line with the EU Youth Strategy, the EU Youth Goals and the Youth Dialogue. • The implementation of EU Frameworks and initiatives such as country-specific recommendations from the European Semester as far as they relate to the youth

	<p>area.</p> <ul style="list-style-type: none"> • Youth organisations are involved in initiatives to encourage young people to participate in the democratic process and society by organising trainings, showcasing commonalities among young Europeans and encouraging discussion and debate on their connection to the EU, its values and democratic foundations. This includes organising events as a lead-up to the 2024 elections to the European Parliament. • The promotion of participation of under-represented groups of young people in politics, youth organisations and other civil society organisations by engaging vulnerable and socio-economic disadvantaged youth; • New ways to empower youth organisations in dealing with the aftermath of the Covid-19 pandemic, by supporting innovative ways of cooperation and network creation, development and management. Indicatively, this could include enhancing collaboration between youth organisations in a digital context through non-formal learning methods and organisational models such as alternative modes of exchange and mutual aid. • The reinforcement of the European dimension of the activities of youth organisations, including activities on how to live better together after the pandemic and helping to design sustainable future ways of living transnationally.
<p>Activities</p>	<p>The action targets NGOs (not for profit) and public bodies, which propose projects with a capacity to mobilise young people in partnerships covering different countries and regions within the EU Member States and third countries associated to the Programme.</p> <p>Mobility activities for young people should form a key component of European Youth Together projects. This mobility should offer cross-border exchanges and non-formal or informal training opportunities for young people from across Europe (East, West, North and South) that can be prepared and supported through online fora to contribute to the objectives of this action. These mobility activities must be very clearly justified according to the</p>

	<p>objectives of the action.</p> <p>All the activities should contribute to broadening the outreach towards youth, reaching young people both within and beyond youth organisations including youth with fewer opportunities, to ensure a diversity of voices is heard.</p> <p>HORIZONTAL ASPECTS TO BE CONSIDERED WHEN DESIGNING YOUR PROJECT: Environmental sustainability Inclusion and Diversity Digital dimension</p>
<p>Who can apply?</p>	<p>The applicants (coordinators and full partners) must be legal entities:</p> <ul style="list-style-type: none"> • NGOs (including European Youth NGOs and national Youth Councils) working in the field of Youth ; • public authorities at the local, regional or national level; They should be established in an EU Member State or third country associated to the Programme. • Public or private companies (small, medium or large enterprises, including social enterprises) as well as their affiliated entities, may also participate but not as coordinators.
<p>What types of organisations are eligible to participate in the project?</p>	<p>Any organisation, public or private, with its affiliated entities (if any), working with or for young people outside formal settings established in an EU Member State or third country associated to the Programme.</p> <p>Such organisations can, for example, be:</p> <ul style="list-style-type: none"> • a non-profit organisation, association, or NGO (including European Youth NGOs); • a national Youth Council; • a public authority at the local, regional or national level; • an education or research institution; • a foundation.

	Public or private companies (small, medium or large enterprises (including social enterprises) may be included. Therefore, whereas this action is primarily targeting not-for-profit organisations, for-profit organisations can be involved if a clear added value is demonstrated for the project.
Consortium Composition	Proposals must be submitted by a consortium of a minimum of 5 applicants (coordinator and full partners) from at least 5 EU Member States and/or third countries associated to the Programme . Affiliated entities do not count towards the minimum eligibility criteria for the consortium composition.
Budget specifications	The minimum grant per project is EUR 150,000 and the maximum cannot exceed EUR 500,000

Funding Programme	
Capacity building in the field of Vocational education and training (VET) Deadline date: 28 February 2023 17:00:00 Brussels time	
Scope	<p>Capacity building projects are international cooperation projects based on multilateral partnerships between organisations active in the field of VET in the Programme and third countries not associated to the Programme. They aim to support the relevance, accessibility, and responsiveness of VET institutions and systems in third countries not associated to the Programme as a driver of sustainable socio-economic development.</p> <p>Through joint initiatives that foster cooperation across different regions of the world, this action intends to increase the capacity of VET providers - especially in the fields of management, governance, inclusion, quality assurance, and innovation – so that they are better equipped to engage with private sector/enterprises/business associations to explore employment opportunities and jointly develop responsive VET interventions. International partnerships should</p>

	<p>contribute to improving the quality of VET in third countries not associated to the Programme, notably by reinforcing the capacities of VET staff and teachers as well as by strengthening the link between VET providers and the labour market.</p> <p>It is envisaged that the capacity-building projects VET contribute to the broader policy objectives that are being pursued between the European Commission and the third countries not associated to the Programme or region concerned, including Global Gateway investment packages.</p>
<p>Objectives (bullet points)</p>	<p>Specifically, the action will:</p> <ul style="list-style-type: none"> • Build the capacity of VET providers to strengthen cooperation between private and public stakeholders in the field of vocational education and training for demand-oriented and opportunity-driven VET interventions; • Improve the quality and responsiveness of VET to economic and social developments to enhance the labour market relevance of skills provision; • Align VET provision to local, regional and national development strategies. <p><u>Thematic areas</u></p> <p>Features that characterise capacity building in VET include some thematic areas presented below. Proposals should focus on one or more of the following themes:</p> <ul style="list-style-type: none"> • Work-based learning (for young people and/or adults); • Quality assurance mechanisms; • VET teachers/trainers professional development; • Key competences, including entrepreneurship; • Public Private Partnerships in VET; • Innovation in VET; • Green and digital skills for the twin transition; • Skills matching with current and future job opportunities. <p>In addition, applicants can cover thematic areas that are not presented above. These must demonstrate that they</p>

are particularly appropriate to meet the objectives of the call and identified needs.

Regional priorities

The budget available is divided between different regions of the world (i.e. Western Balkans, Neighbourhood East, South-Mediterranean countries, Sub-Saharan Africa, Latin America and the Caribbean) and the size of each budgetary envelope is different. Further information on the amounts available under each budgetary envelope will be published on the Funding and Tender Opportunities Portal (FTOP).

The EU has set a number of priorities regarding geographical balance and specific objectives. In addition, organisations are encouraged to work with partners in the poorest and least developed third countries not associated to the Programme.

The regional priorities set for this action are the following:

If the application involves one or more ETF (European Training Foundation) partner countries¹, the proposal should provide evidence of responding to ETF recommendations formulated in the relevant Torino process² regional reports³.

Western Balkans

- Priority will be given to projects that contribute to its Economic and Investment Plan and/or the European Training Foundation recommendations under the Torino process (see above);
- Mobility of learners (students) and staff (teachers, trainers, directors, managers etc.) will be privileged.

Neighbourhood East

- Priority will be given to projects that contribute to its Economic and Investment Plan and/or the European Training Foundation recommendations under the Torino process (see above).

South-Mediterranean countries

- Priority will be given to projects that contribute to its Economic and Investment Plan and/or the European Training Foundation recommendations under the Torino process (see above).

Sub-Saharan Africa

- Priority will be given to least developed countries; a special emphasis shall also be put on migration priority countries; no country will access more than 8% of funding foreseen for the Region;
- Priority will be given to projects that contribute to the respective geographic Multi-annual Indicative Programmes⁴ at the country or regional level.

Latin America

- Priority will be given to regional projects (projects involving more than one eligible third country not associated to the Programme) or projects in lower and upper-middle-income countries;
- Priority will be given to projects that contribute to the respective geographic Multi-annual Indicative Programme⁵ at the country or regional level.

Caribbean

- Priority will be given to regional projects (projects involving more than one eligible third country not associated to the Programme) or projects in the least developed, lower and upper-middle-income countries;
- Priority will be given to projects that contribute to the respective geographic Multi-annual Indicative Programme⁶ at the country or regional level.

<p>Who can apply?</p>	<p>Any public or private organisation active in the VET field and legally established in an EU Member State or eligible third country associated to the Programme (please see Part A of this Guide). Organisations from third countries not associated to the Programme cannot be coordinators. The coordinator applies on behalf of all participating organisations involved in the project.</p>
<p>What types of organisations are eligible to participate in the project?</p>	<p>Each participating organisation must be active in the field of VET or the labour market. It can be involved as a full partner, affiliated entity or associated partner and must be established in an EU Member state or third country associated to the Programme (please see Part A of this Guide), or in an eligible third country not associated to the Programme (please see below).</p> <p>Eligible third countries not associated to the Programme for this action:</p> <ul style="list-style-type: none"> • All third countries not associated to the Programme in Regions 1, 2, 3, 9, 10 and 11 (please see Part A of this Guide); <p>Exception: organisations from Belarus (Region 2) are not eligible to participate in this action. The type of eligible organisations can be (non-exhaustive list):</p> <ul style="list-style-type: none"> • VET providers; • Companies, industry or sector representative organisations; • National/regional qualification authorities; • Employment services; • Research institutes; • Innovation agencies; • Regional development authorities etc. <p>Associated partners can participate to the extent it is demonstrated that their participation brings an essential added value to the project (e.g. implementation of specific project tasks/activities or support of the dissemination and sustainability of the project). For contractual management issues, associated partners are not considered as part of the project partners and do not receive funding.</p>

<p>Consortium Composition</p>	<p>Number and profile of participating organisations</p> <p>Capacity building projects are transnational and must involve at least 4 organisations (coordinator and full partners) from minimum 3 countries:</p> <ul style="list-style-type: none"> • At least 1 organisation from 2 different EU Member States and at least 2 organisations from at least 1 eligible third country not associated to the Programme, or • At least 1 organisation from 2 different third countries associated to the Programme and at least 2 organisations from at least 1 eligible third country not associated to the Programme, or • At least 1 organisation from an EU Member State and 1 organisation from a third country associated to the Programme and at least 2 organisations from at least 1 eligible third country not associated to the Programme. <p>The consortium must include at least one VET provider at the non-tertiary education level.</p> <p>The number of organisations from EU Member States and third countries associated to the Programme may not be higher than the number of organisations from eligible third countries not associated to the Programme.</p>
<p>Budget specifications</p>	<p>Budgetary envelope for different regions (as stated in the Topic description)</p> <p>Western Balkans (region 1) - 8.028.496 €</p> <p>Neighbourhood East (region 2), except Belarus - 3.779.059 €</p> <p>South-Mediterranean countries (region 3) - 4.198.955 €</p> <p>Sub-Saharan Africa (region 9) - 8.695.335 €</p> <p>Latin America (region 10) - 2.099.477 €</p> <p>Caribbean (region 11) - 314.922 €</p> <p>Total indicative budget - 27.116.244 €</p>

<p>Funding Programme Partnerships for Cooperation in the field of youth - European NGOs Deadline date: 22 March 2023 17:00:00 Brussels time</p>	
<p>Scope</p>	<p>The primary goal of Cooperation Partnerships is to allow organisations to increase the quality and relevance of their activities, develop and reinforce their networks of partners, increase their capacity to operate jointly at the transnational level, boosting internationalization of their activities and through exchanging or developing new practices and methods as well as sharing and confronting ideas. They aim to support the development, transfer and/or implementation of innovative practices as well as the implementation of joint initiatives promoting cooperation, peer learning and exchanges of experience at the European level. Results should be re-usable, transferable, up-scalable and, if possible, have a strong transdisciplinary dimension. Selected projects will be expected to share the results of their activities at local, regional, national level and transnational level.</p> <p>Cooperation Partnerships are anchored to the priorities and policy frameworks of each Erasmus+ sector, both at the European and national level while aiming at producing incentives for cross-sectoral and horizontal cooperation in thematic areas.</p> <p>Depending on the field of the project proposed or on the type of applicant, Cooperation Partnerships are managed either by National Agencies or by the European Education and Culture Executive Agency (EACEA). For more information in this respect, please refer to the section “where to apply” under the eligibility criteria.</p>
<p>Objectives (bullet points)</p>	<p>Cooperation Partnerships aim at:</p> <ul style="list-style-type: none"> • Increasing quality in the work, activities and practices of organisations and institutions involved, opening up to new actors, not naturally included within one sector; • Building capacity of organisations to work

	<p>transnationally and across sectors;</p> <ul style="list-style-type: none"> • Addressing common needs and priorities in the fields of education, training, youth and sport; • Enabling transformation and change (at individual, organisational or sectoral level), leading to improvements and new approaches, in proportion to the context of each organisation.
<p>Who can apply?</p>	<p>Any participating organisation established in an EU Member State or third country associated to the Programme can be the applicant. This organisation applies on behalf of all participating organisations involved in the project.</p>
<p>What types of organisations are eligible to participate in the project?</p>	<p>Which types of organisations are eligible to participate in the project?</p> <p>Any public or private organisation, established in an EU Member State or third country associated to the Programme or in any third country not associated to the Programme of the world (see section “Eligible Countries” in Part A of this Guide) can participate in a Cooperation Partnership¹.</p> <p>Exception: organisations from Belarus (Region 2) are not eligible to participate in this action.</p> <p>Organisations established in EU Member States and third countries associated to the Programme can either participate as the coordinator of the project or as a partner organisation.</p> <p>Organisations in third countries not associated to the Programme cannot participate as project coordinators.</p> <p>Irrespective of the field impacted by the project, Cooperation Partnerships are open to any type of organisation active in any field of education, training, youth, sport or other socio-economic sectors as well as to organisations carrying out activities that are transversal to different fields (e.g. local, regional and national authorities, recognition and validation centres, chambers of commerce, trade organisations, guidance centres, cultural and sports organisations).</p> <p>Depending on the priority and the objectives addressed by the project, Cooperation Partnerships should involve</p>

	<p>the most appropriate and diverse range of partners in order to benefit from their different experiences, profiles and specific expertise and to produce relevant and high-quality project results.</p> <p>Participation of associated partner organisations</p> <p>In addition to the organisations formally participating in the project (the coordinator and partner organisations), Cooperation Partnerships may also involve other partners from the public or private sector that contribute to the implementation of specific project tasks/activities or support the promotion and sustainability of the project.</p> <p>Within an Erasmus+ project, these partners will be called “associated partners”. For eligibility and contractual management aspects, they are not considered to be project partners, and they do not receive any funding from the Programme as part of the project. However, in order to understand their role within the partnership and have a global picture of the proposal, their involvement in the project and the different activities needs to be clearly described.</p>
<p>Consortium Composition</p>	<p>Number and profile of participating organisations</p> <p>A Cooperation Partnership is a transnational project and must involve a minimum of three organisations from three different EU Member States or third countries associated to the Programme.</p> <p>There is no maximum number of participating organisations in one partnership.</p> <p>All participating organisations must be identified at the time of applying for a grant.</p> <p>As a general rule, Cooperation Partnerships target the cooperation between organisations established in EU Member States or third countries associated to the Programme.</p> <p>However, organisations from third countries not associated to the Programme can be involved as partners (not as applicants), if their participation brings an essential added value to the project and as long as the minimum participation from three organisations from three different EU Member States or third countries</p>

associated to the Programme is fulfilled.

Priorities addressed

To be considered for funding, Cooperation Partnerships must address either:

- at least one horizontal priority

and/or

- at least one specific priority relevant to the field of education, training, youth and sport that is mostly impacted.

For projects in the field of education, training and youth managed by the Erasmus+ National Agencies in indirect management, National Agencies may, among these priorities, give more consideration to those that are particularly relevant in their national context (called "European priorities in the national context").

National Agencies must duly inform potential applicants through their official websites.

For projects in the field of sports only one priority (horizontal or specific) can be addressed.

Venue of the activities

All the activities of a Cooperation Partnership must take place in the countries of the organisations participating in the project, either as full partners or as associated partners.

In addition, if duly justified in relation to the objectives or implementation of the project:

- Activities can also take place at the seat of an Institution of the European Union², even if in the project there are no participating organisations from the country that hosts the Institution.
- Activities involving sharing and promotion of results can also take place at relevant thematic transnational events/conferences in EU Member States or third countries associated to the

	Programme or third countries not associated to the Programme.
Budget specifications	<p>The proposed funding model consists of a menu of 3 single lump sums, corresponding to the total grant amount for the project: 120 000 EUR, 250 000 EUR and 400 000 EUR. Applicants will choose between the 3 pre-defined amounts according to the activities they want to undertake and the results they want to achieve.</p> <p>When planning their projects, the applicant organisations - together with their project partners - will need to choose the single lump sum amount more appropriate to cover the costs of their projects, based on their needs and objectives. If the project is selected for funding, the requested lump sum amount becomes the overall grant amount.</p>

Funding Programme	
Partnerships for Cooperation in the fields of education and training - European NGOs Deadline date: 22 March 2023 17:00:00 Brussels time	
Scope	<p>The primary goal of Cooperation Partnerships is to allow organisations to increase the quality and relevance of their activities, to develop and reinforce their networks of partners, to increase their capacity to operate jointly at the transnational level, boosting the internationalisation of their activities and through exchanging or developing new practices and methods as well as sharing and confronting ideas. They aim to support the development, transfer and/or implementation of innovative practices as well as the implementation of joint initiatives promoting cooperation, peer learning and exchanges of experience at the European level. Results should be re-usable, transferable, up-scalable and, if possible, have a strong transdisciplinary dimension. Selected projects will be expected to share the results of their activities at local, regional, national level and transnational level.</p> <p>Cooperation Partnerships are anchored to the priorities</p>

	<p>and policy frameworks of each Erasmus+ sector, both at the European and national level while aiming at producing incentives for cross-sectoral and horizontal cooperation in thematic areas.</p>
<p>Objectives (bullet points)</p>	<p>Cooperation Partnerships aim at:</p> <ul style="list-style-type: none"> • Increasing quality in the work, activities and practices of organisations and institutions involved, opening up to new actors, not naturally included within one sector; • Building capacity of organisations to work transnationally and across sectors; • Addressing common needs and priorities in the fields of education, training, youth and sport; • Enabling transformation and change (at individual, organisational or sectoral level), leading to improvements and new approaches, in proportion to the context of each organisation.
<p>Who can apply?</p>	<p>Any participating organisation established in an EU Member State or third country associated to the Programme can be the applicant. This organisation applies on behalf of all participating organisations involved in the project.</p>
<p>What types of organisations are eligible to participate in the project?</p>	<p>Any public or private organisation, established in an EU Member State or third country associated to the Programme or in any third country not associated to the Programme of the world (see section “Eligible Countries” in Part A of this Guide) can participate in a Cooperation Partnership¹.</p> <p>Exception: organisations from Belarus (Region 2) are not eligible to participate in this action.</p> <p>Organisations established in EU Member States and third countries associated to the Programme can either participate as the coordinator of the project or as a partner organisation.</p> <p>Organisations in third countries not associated to the Programme cannot participate as project coordinators.</p> <p>Irrespective of the field impacted by the project, Cooperation Partnerships are open to any type of organisation active in any field of education, training, youth, sport or other socio-economic sectors as well as to</p>

	<p>organisations carrying out activities that are transversal to different fields (e.g. local, regional and national authorities, recognition and validation centres, chambers of commerce, trade organisations, guidance centres, cultural and sports organisations).</p> <p>Depending on the priority and the objectives addressed by the project, Cooperation Partnerships should involve the most appropriate and diverse range of partners in order to benefit from their different experiences, profiles and specific expertise and to produce relevant and high-quality project results.</p> <p>Participation of associated partner organisations</p> <p>In addition to the organisations formally participating in the project (the coordinator and partner organisations), Cooperation Partnerships may also involve other partners from the public or private sector that contribute to the implementation of specific project tasks/activities or support the promotion and sustainability of the project.</p>
<p>Consortium Composition</p>	<p>A Cooperation Partnership is a transnational project and must involve a minimum of three organisations from three different EU Member States or third countries associated to the Programme.</p> <p>There is no maximum number of participating organisations in one partnership.</p> <p>All participating organisations must be identified at the time of applying for a grant.</p> <p>As a general rule, Cooperation Partnerships target the cooperation between organisations established in EU Member States or third countries associated to the Programme.</p> <p>However, organisations from third countries not associated to the Programme can be involved as partners (not as applicants), if their participation brings an essential added value to the project and as long as the minimum participation from three organisations from three different EU Member States or third countries associated to the Programme is fulfilled.</p>
<p>Budget specifications</p>	<p>The proposed funding model consists of a menu of 3 single lump sums, corresponding to the total grant amount for the project: 120 000 EUR, 250 000 EUR</p>

	<p>and 400 000 EUR. Applicants will choose between the 3 pre-defined amounts according to the activities they want to undertake and the results they want to achieve.</p> <p>When planning their projects, the applicant organisations - together with their project partners - will need to choose the single lump sum amount more appropriate to cover the costs of their projects, based on their needs and objectives. If the project is selected for funding, the requested lump sum amount becomes the overall grant amount.</p>

<p>Funding Programme Capacity building in the field of higher education (strand 1,2 and 3) Deadline date: 16 February 2023 17:00:00 Brussels time</p>	
Scope	<p>This Strand is designed to attract less experienced HEIs and small-scale actors to the CBHE action to facilitate access to newcomer organisations. These partnerships should act as a first step for HEIs and organisations with a smaller operational capacity located in third countries not associated to the programme to access and increase means to reach out to people with fewer opportunities. This Strand will finance small-scale projects to reduce the internationalisation gap among HEIs from eligible third countries not associated to the programme, from the same country or Region. Projects should establish</p>

	<p>partnerships to develop cooperation ideas as well as to facilitate transfer of know-how, experience and good practices, fostering access to capacity building opportunities and improving social inclusion and the access of students/staff with fewer opportunities to a qualitative higher education offer. In particular, these projects will particularly focus on:</p> <ul style="list-style-type: none"> • HEIs from least developed third countries not associated to the Programme; • HEIs located in remote regions/areas of third countries not associated to the Programme; • Newcomers or less experienced HEIs and Faculties from third countries not associated to the Programme; • Students and staff with fewer opportunities. <p>For the <u>Overarching priorities to be covered by projects under Strand 1 go to the official call</u></p>
<p>Objectives (bullet points)</p>	<p>The Capacity Building in Higher Education (CBHE) action supports international cooperation projects based on multilateral partnerships between organisations active in the field of higher education. It supports the relevance, quality, modernisation and responsiveness of higher education in third countries not associated to the Programme for socio-economic recovery, growth and prosperity and reacting to recent trends, in particular economic globalisation, but also the recent decline in human development, fragility, and rising social, economic and environmental inequalities exacerbated by the COVID-19 pandemic.</p> <p>The action is expected to contribute to the overarching priorities of the European Commission:</p> <ul style="list-style-type: none"> • Green Deal (develop competences in sustainability-relevant sectors, green sectorial skills strategies, and methodologies) • Digital transformation (development and uptake of digital skills) • Integration of migrants (promote mobility and recognition of degrees and credentials) • Governance, peace, security and human development (strengthen active citizenship) • Sustainable growth and jobs (build skills for life and work),

	<p>as well as to the external dimension of EU internal policies in the field of education. It will support a successful green and sustainable global economic recovery in the third countries not associated to the Programme, linked to the Sustainable Development Goals (SDGs) and the Paris Agreement.</p> <p>The activities and outcomes of CBHE projects must be geared to benefit the eligible third countries not associated to the Programme, their higher education institutions (HEI) and systems.</p>
<p>Who can apply?</p>	<p>Eligible third countries not associated to the Programme for this action: All third countries not associated to the Programme (please see section "Eligible Countries" in Part A of this Guide) in Regions 1, 2, 3, 5, 6, 7, 8, 9, 10 and 11287. Exception: organisations from Belarus (Region 2) and the Russian Federation (Region 4) are not eligible to participate in this action. For Strands 1 & 2 The applicants (coordinator and partners) must be legal entities: – higher education institutions (HEIs) or organisations of HEIs²⁸⁸; – established in an EU Member State, in a third country associated to the Programme²⁸⁹ or in eligible third countries not associated to the Programme. For Strand 3 - Strengthening the education digital environment for Ukraine: Proposals must be submitted by a consortium (coordinator and partners), which complies with the following conditions: Geographical coverage: – Territory of Ukraine as recognised by international law; – at least 1 EU Member State or third country associated to the Programme; Institutional coverage: – at least 1 HEI from each participating country; – national competent authority (e.g. Ministry) responsible for higher education in Ukraine.</p>
<p>What types of organisations are eligible to participate in the project?</p>	<p>Eligible third countries not associated to the Programme for this action: All third countries not associated to the Programme (please see section "Eligible Countries" in Part A of this Guide) in Regions 1, 2, 3, 5, 6, 7, 8, 9, 10 and 11287.</p> <p>Exception: organisations from Belarus (Region 2) and the Russian Federation (Region 4) are not eligible to</p>

	<p>participate in this action.</p> <p>For Strands 1 & 2 The applicants (coordinator and partners) must be legal entities: – higher education institutions (HEIs) or organisations of HEIs²⁸⁸; – established in an EU Member State, in a third country associated to the Programme²⁸⁹ or in eligible third countries not associated to the Programme.</p> <p>For Strand 3 Strengthening the education digital environment for Ukraine: Proposals must be submitted by a consortium (coordinator and partners), which complies with the following conditions: Geographical coverage: – Territory of Ukraine as recognised by international law; – at least 1 EU Member State or third country associated to the Programme; Institutional coverage: – at least 1 HEI from each participating country; – national competent authority (e.g. Ministry) responsible for higher education in Ukraine.</p>
<p>Consortium Composition</p>	<p>For Strands 1 & 2 Proposals must be submitted by a consortium (coordinator and partners), which complies with the following conditions: Geographical coverage: – at least 2 EU Member States or third countries associated to the Programme; – at least 1 eligible third country not associated to the Programme; – at least 2 eligible third countries not associated to the Programme for Regions 1, 10 and 11; – at least one third country not associated to the Programme from Region 10 and another one from Region 11 for projects involving both Regions²⁹¹. Institutional coverage: – at least 1 HEI from each participating EU Member State or third country associated to the Programme; – at least 2 HEIs from each participating third countries not associated to the Programme. Institutional coverage applies to all countries participating in the consortium. The number of applicants from third countries not associated to the Programme must be equal or higher than the number of applicants from EU Member States and third countries associated to the Programme. Exception: In third countries not associated to the Programme where the number of HEIs is lower than 5 in the whole country, or in cases where one single institution represents more than 50% of the overall student population of the country, applications counting only one HEI from those countries will be accepted. For Strand 3: Proposals must be submitted by a consortium (coordinator and partners), which complies with the following conditions: Geographical coverage: – at least 2 EU Member States or third countries associated</p>

	<p>to the Programme; – at least 1 eligible third country not associated to the Programme. Institutional coverage: – at least 1 HEI from each participating EU Member State or third country associated to the Programme; – at least 2 HEIs from each participating third country not associated to the Programme; – national competent authority (e.g. Ministry) responsible for higher education in each of the eligible third countries not associated to the Programme. Institutional coverage applies to all countries participating in the consortium. The number of applicants from third countries not associated to the Programme must be equal or higher than the number of applicants from EU Member states and third countries associated to the Programme. Exception: In third countries not associated to the Programme where the number of HEIs is lower than 5 in the whole country, or in cases where one single institution represents more than 50% of the overall student population of the country, applications counting only one HEI from those countries will also be accepted.</p>

Funding Programme
Alliances for Education and Enterprises Deadline date: 03 May 2023
17:00:00 Brussels time

<p>Scope</p>	<p>Alliances for Innovation aim to strengthen Europe's innovation capacity by boosting innovation through cooperation and the flow of knowledge among higher education, vocational education and training (both initial and continuous), and the broader socio-economic environment, including research.</p> <p>They also aim to boost the provision of new skills and address skills mismatches by designing and creating new curricula for higher education (HE) and vocational education and training (VET), supporting the development of a sense of initiative and entrepreneurial mind-sets in the EU.</p>
<p>Objectives (bullet points)</p>	<p>These partnerships shall implement a coherent and comprehensive set of sectoral or cross-sectoral activities, which should be adaptable to future knowledge developments across the EU.</p> <p>To boost innovation, the focus will be on talent and skills development. Firstly, digital competences have become increasingly important in all job profiles across the entire labour market. Secondly, the transition to a circular and greener economy needs to be underpinned by changes to qualifications and national education and training curricula to meet emerging professional needs for green skills and sustainable development. Thirdly, the twin digital and green transition requires an accelerated adoption of new technologies, in particular in the highly innovative deep-tech domains, across all sectors of our economy and society.</p> <p>Alliances for Education and Enterprises are transnational, structured and result-driven projects, in which partners share common goals and work together to foster innovation, new skills, a sense of initiative and entrepreneurial mind-sets.</p> <p>They aim to foster innovation in higher education, vocational education and training, enterprises and the broader socio-economic environment. This includes confronting societal and economic challenges such as climate change, changing demographics, digitalisation, the emergence of new, disruptive technologies such as artificial intelligence and rapid employment changes through social innovation and community resilience, as well as labour market innovation.</p>

Alliances for Education and Enterprises bring together enterprises and both higher education and vocational training providers to work together in partnership. Operating within one economic sector or several different economic sectors, they create reliable and sustainable relations and demonstrate their innovative and transnational character in all aspects. While each partnership must include at least one VET and one higher education organisation, they can address either both or one of these educational fields. The cooperation between VET and higher education organisations should be relevant and should benefit both sectors.

They intend to achieve one or more of the following aims:

- Fostering **new, innovative and multidisciplinary approaches to teaching and learning**: fostering innovation in education design and delivery, teaching methods, assessment techniques, learning environments and/or developing new skills;
- **Supporting skills development in the deep tech domains**; supporting Europe's innovation capacity by broadening its talent pool in these new, disruptive technologies;
- Fostering the **setting up of incubators** within education and training institutions across Europe;
- Fostering **corporate social responsibility** (e.g. equity, inclusion, climate change, environmental protection and sustainable development);
- Stimulating a **sense of initiative and entrepreneurial attitudes, mind-sets and skills** in learners, educational staff and other workers, in line with the Entrepreneurship Competence Framework (EntreComp);
- Improving the **quality and relevance of skills** developed and certified through education and training systems (including new skills and tackling skills mismatches);
- Facilitating the **flow and co-creation of knowledge** between higher education and vocational education and training, research, the public sector and the business sector;
- Building and supporting effective and efficient higher education and vocational **education and**

	<p>training systems, which are connected and inclusive, and contribute to innovation.</p>
<p>Who can apply?</p>	<p>The applicants (coordinator and full partners) must be:</p> <ul style="list-style-type: none"> • public or private organisations; • Higher education institutions, VET providers, Networks of VET providers, Small and medium-sized or large enterprises (including social enterprises), Research institutes, Non-governmental organisations, Public bodies at the local, regional or national level, Organisations active in education, training and youth, Intermediaries that represent education, training or youth organisations or enterprises, Accreditation, certification, recognition or qualification bodies, Chambers of commerce, industry or labour, chambers of skilled crafts, European or national social partners, Hospitals or other care institutions, including long-term care, Authorities responsible for education, training or employment at the regional or national level, Employment services, National statistics offices, Economic development agencies, Sectoral or professional associations, Sector skills councils, Bodies providing career guidance, professional counselling, information services and employment services; • be established in an EU Member State or third country associated to the Programme
<p>What types of organisations are eligible to participate in the project?</p>	<p>Organisations from third countries not associated to the Programme may also participate as full partners but not as coordinators.</p> <p>Exception: organisations from Belarus (Region 2) and the Russian Federation (Region 4) are not eligible to participate in this action.</p> <p>Higher education institutions established in an EU Member State or third country associated to the Programme must hold a valid Erasmus Charter for Higher Education (ECHE). An ECHE is not required for participating HEIs in third countries not associated to the Programme.</p>

Consortium Composition	<p>Alliances for Education and Enterprises must cover at least 4 EU Member States or third countries associated to the Programme, involving a minimum of 8 applicants (coordinator and full partners). The consortium must include at least 3 labour market actors (enterprises or companies, or representative intermediary organisations, such as chambers, trade unions or trade associations) and at least 3 education and training providers (VET and HEIs), as applicants (coordinators and full partners). There should be at least one HE institution and one VET provider involved as applicants (coordinator and full partners) in each proposal.</p> <p>Affiliated entities do not count towards the minimum eligibility criteria for the consortium composition.</p>
Budget specifications	<p>This action follows a lump sum funding model. The amount of the single lump sum contribution will be determined for each grant based on the estimated budget of the action proposed by the applicant. The granting authority will fix the lump sum of each grant based on the proposal, evaluation result, funding rates and the maximum grant amount set in the call.</p> <p>The maximum EU grant per project is as follows:</p> <p><u>Lot 1 - Alliances for Education and Enterprises</u></p> <ul style="list-style-type: none"> • 1 million euros (2 years project) • 1,5 million euros (3 years project)

<p>Funding Programme Partnerships for Innovation - Forward-Looking Projects - Digital education (cross-sectoral) Deadline date: 15 March 2023 17:00:00 Brussels time</p>	
Scope	<p>Following the recent pandemic, the need for innovation in our education and training systems, as well as in youth, has never been so great. Innovation in teaching and learning is crucial, at the individual level as well as at the institutional level. These innovative approaches should not only provide today's and tomorrow's workers with the appropriate skills for</p>

	<p>rapidly-changing labour markets but should also arm today's and tomorrow's workforce with creativity and skills to confront the growing complexity of societal challenges that we all face such as climate change, the protection of bio-diversity, clean energy, public health, digitalization and automation, artificial intelligence, robotics and data analysis.</p> <p>This action will aim to foster innovation, creativity and participation, as well as social entrepreneurship in different fields of education and training, within sectors or across sectors and disciplines.</p>
<p>Objectives (bullet points)</p>	<p>Forward-Looking Projects are large-scale projects that aim to identify, develop, test and/or assess innovative (policy) approaches that have the potential of becoming mainstreamed, thus improving education and training systems. They will support forward-looking ideas responding to key European priorities that have the potential of becoming mainstreamed and giving input for improving education, training and youth systems, as well as to bring a substantial innovative effect in terms of methods and practices to all types of learning and active participation settings for Europe's social cohesion.</p> <p>The goal is to support transnational cooperation projects implementing a coherent and comprehensive set of sectoral or cross-sectoral activities that either:</p> <ul style="list-style-type: none"> • foster innovation in terms of scope, ground-breaking methods and practices, and/or • ensure a transfer of innovation (across countries, policy sectors or target groups), thus ensuring at the European level sustainable exploitation of innovative project results and/or transferability into different contexts and audiences. <p>Lot 1: Digital education (cross-sectoral)</p> <p>Projects under Lot 1 can address different educational sectors or bridge educational sectors and must support high-quality and inclusive digital education, in line with the Digital Education Action Plan.</p> <p>Proposals under this Lot should address one of the</p>

following three priorities:

- Priority 1: Education technology (edTech): scaling up of EU-based solutions through cooperation and quality assurance;
- Priority 2: Effective pedagogical approaches on informatics for primary and secondary level of education;
- Priority 3: Teacher training and curriculum development in tackling disinformation and promoting digital literacy.

These priorities are detailed further under the 'Setting up a project' section below.

Objectives of the Action

The **general objectives** are as follows:

- Innovative initiatives with a strong impact on education and training reforms in specific **strategic policy areas**;
- Contributing to the **strengthening of Europe's innovation capacity** by promoting innovation in education and training;
- **Creating systemic change** through fostering innovation at both practice and policy-level;
- **Support forward-looking ideas** focusing on key topics and priorities at the EU level, with a clear potential to be mainstreamed in one or more sectors;
- As fully innovative, ground-breaking educational methods and practices and/or transfer of innovation: ensuring at the EU level **sustainable exploitation** of innovative project results and/or **transferability** into different contexts and audiences.

The **specific objectives** include:

- **Identifying, developing, testing and/or assessing** innovative approaches that have the potential to be mainstreamed in order to improve education and training systems and improve the effectiveness of policies and practices in the field of education and training;

Funding Programme	
Virtual Exchanges in Higher Education and Youth Deadline date: 26 April 2023 17:00:00 Brussels time	
Scope	<p>Virtual exchanges projects consist of online people-to-people activities that promote intercultural dialogue and soft skills development. They make it possible for every young person to access high-quality international and cross-cultural education (both formal and non-formal) without physical mobility. While virtual debating or training does not fully replace the benefits of physical mobility, participants in virtual exchanges ought to reap some of the benefits of international educational</p>

	<p>experiences. Digital platforms represent a valuable tool in partially answering the global constraints on mobility caused by the COVID-19 pandemic. Virtual exchanges also help spreading European values. Moreover, in some cases they can prepare, deepen and extend physical exchanges, as well as fuel new demand for them.</p> <p>Virtual exchanges take place in small groups and are always moderated by a trained facilitator. They should be easily integrated into youth (non-formal education) projects or higher education courses. Virtual exchanges can draw participants from both sectors, even if, depending on specific projects, they could involve participants from either only one of them or from both. All projects under this call will involve organisations and participants coming from both EU Member States and third countries associated to the Programme, and third countries not associated to the Programme in eligible regions.</p>
<p>Objectives (bullet points)</p>	<p>The action will aim to:</p> <ul style="list-style-type: none"> • Encourage intercultural dialogue with third countries not associated to the Programme and increase tolerance through online people-to-people interactions, building on digital, youth-friendly technologies; • Promote various types of virtual exchanges as a complement to Erasmus+ physical mobility, allowing more young people to benefit from intercultural and international experience; • Enhance critical thinking and media literacy, particularly in the use of internet and social media, such as to counter discrimination, indoctrination, polarization and violent radicalisation; • Foster the digital and soft skills (i.e. Soft skills include the ability to think critically, be curious and creative, to take initiative, to solve problems and work collaboratively, to be able to communicate efficiently in a multicultural and interdisciplinary environment, to be able to adapt to the context and to cope with stress and uncertainty. These skills are part of the key competences, as outlined in the Council Recommendation on Key Competences for Lifelong Learning (OJ C 189/1 of 4.6.2018)) development of students, young people and

	<p>youth workers (i.e. Youth workers are professional or volunteers involved in non-formal learning who support young people in their personal socio-educational and professional development), including the practice of foreign languages and teamwork, notably to enhance employability;</p> <ul style="list-style-type: none"> • Promote citizenship and the common values of freedom, tolerance and non-discrimination through education; • Strengthen the youth dimension in the relations of the EU with third countries. <p><u>THEMATIC AREAS / SPECIFIC OBJECTIVES</u></p> <p>The Erasmus+ Virtual Exchanges are a bottom-up initiative. In this call, participating organisations are free to choose the topics on which they will focus, but proposals must demonstrate their expected impact in relation to one or more of the above-mentioned objectives (see also the 'Expected impact' section below). Gender aspects should be taken into account as needed, depending on the projects' scope and themes (e.g. by introducing gender sensitivity aspects in the trainings). Special attention needs to be given to the inclusion of socially and economically vulnerable people and persons unable to apply for physical mobility. Since virtual exchanges are easier to organise with students and universities, applicants are encouraged to involve young people and organisations not enrolled in higher education.</p>
<p>Who can apply?</p>	<p>The following organisations can be involved as co-ordinator:</p> <ul style="list-style-type: none"> - Public or private organisations active in the field of higher education or youth (non-formal education); - Higher education institutions, associations or organisations of higher education institutions, as well as legally recognised national or international rector, teacher or student organisations; The organisation applies on behalf of all participating organisations involved in the project and must be legally established and located in an EU Member State or third country associated to the Programme.

<p>What types of organisations are eligible to participate in the project?</p>	<p>Participating organisations may be established either in an EU Member State or third country associated to the Programme or in an eligible third country not associated to the Programme. Each project proposal may only involve organisations and participants from one of the eligible regions of third countries not associated to the Programme. The eligible regions covered by this action are Regions 1, 2, 3 and 9 (see section “Eligible countries” in part A of this Guide). Participating organisations may fall under the following categories:</p> <ul style="list-style-type: none"> - Youth organisations (i.e. any organisation, public or private, working with or for young people outside formal settings. Such organisations can be, for example: a non-profit organisation, association, NGO (including European Youth NGOs); a national Youth Council; a public authority at the local, regional or national level; an education or research institution; or a foundation); - Higher education institutions, associations or organisations of higher education institutions, as well as legally recognised national or international rector, teacher or student organisations; - Vectors of change in the education system (university managers, international departments, deans, quality agencies, etc.); public or private organisations active in the fields of higher education or youth and established in an EU Member State or third country associated to the Programme or in one of the eligible third countries not associated to the Programme. <p>Other entities may participate in other consortium roles, such as associated partners, subcontractors, third parties giving in-kind contributions, etc. Affiliated entities are not eligible for funding.</p>
<p>Consortium Composition</p>	<p>Proposals must be submitted by a consortium of at least 4 organisations. Consortia must meet the following conditions:</p> <ul style="list-style-type: none"> - A minimum of 2 higher education institutions or youth organisations from 2 EU Member States and third countries associated to the Programme and 2 higher education institutions or youth organisations from 2 eligible third countries not associated to the Programme belonging to the same eligible region; and - The number of organisations from EU Member States

	<p>and third countries associated to the Programme may not be higher than the number of organisations from third countries not associated to the Programme.</p> <p>- In the case of Sub-Saharan Africa, applicants are encouraged to involve participants from a wide range of countries in their proposal, including least developed countries (as per the OECD Development Assistance Committee list of Least Developed Countries: DAC-List-of-ODA-Recipients-for-reporting-2022-23-flows.pdf (oecd.org)) and/or partners that have less experience in Erasmus+.</p> <p>Affiliated entities do not count towards the minimum eligibility criteria for the consortium composition.</p>
Budget specifications	<p>This action follows a lump sum funding model. The amount of the single lump sum contribution will be determined for each grant based on the estimated budget of the action proposed by the applicant. The granting authority will fix the lump sum of each grant based on the proposal, evaluation result, funding rates and the maximum grant amount set in the call.</p> <p>The EU grant per project will be of a maximum of 500 000 €, with EUR 200 as the maximum investment to organisations per participant (i.e. a project of 500 000 € would have to reach at least 2 500 participants). The grant awarded may be lower than the amount requested.</p>

<p>Funding Programme Cooperation partnerships – SPORT Deadline date: 22 March 2023 17:00:00 Brussels time</p>	
Scope	<p>The primary goal of Cooperation Partnerships is to allow organisations to improve the quality and relevance of their activities, to develop and reinforce their networks of partners, to increase their capacity to operate jointly at transnational level, boosting the internationalisation of their activities and through exchange of experiences, developing new practices and methods as well as sharing and confronting ideas.</p> <p>They aim to support the development, transfer and/or implementation of innovative practices as well as the implementation of joint initiatives promoting cooperation, peer learning and exchanges of experience at the European level. Results should be reusable, transferable, up-scalable and, if possible, have a strong transnational dimension.</p>
Objectives (bullet points)	<p>Cooperation Partnerships aim at:</p> <ul style="list-style-type: none"> * Increasing quality in the work, activities and practices of organisations and institutions involved, opening up to new actors, not naturally included within one sector; * Building the capacity of organisations to work transnationally and across sectors; * Addressing common needs and priorities in the fields of

	<p>education, training, youth and sport;</p> <p>* Enabling transformation and change (at individual, organisational or sectoral level), leading to improvements and new approaches, in proportion to the context of each organisation.</p>
<p>Who can apply?</p>	<p>Any participating organisation established in an EU Member State or third country associated to the Programme can be the applicant. This organisation applies on behalf of all participating organisations involved in the project.</p>
<p>What types of organisations are eligible to participate in the project?</p>	<p>Any public or private organisation, established in an EU Member State or third country associated to the Programme or in any third country not associated to the Programme of the world (see section "Eligible Countries" in Part A of this Guide) can participate in a Cooperation Partnership.</p> <p>Exception: organisations from Belarus (Region 2) and the Russian Federation (Region 4) are not eligible to participate in this action.</p> <p>Organisations established in EU Member States and third countries associated to the Programme can either participate as the coordinator of the project or as a partner organisation. Organisations in third countries not associated to the Programme cannot participate as project coordinators.</p> <p>Irrespective of the field impacted by the project, Cooperation Partnerships are open to any type of organisation active in any field of education, training, youth, sport or other socio-economic sectors as well as to organisations carrying out activities that are transversal to different fields (e.g. local, regional and national authorities, recognition and validation centres, chambers of commerce, trade organisations, guidance centres, cultural and sports organisations).</p> <p>Depending on the priority and the objectives addressed by the project, Cooperation Partnerships should involve the most appropriate and diverse range of partners in order to benefit from their different experiences, profiles and specific expertise and to produce relevant and high-</p>

	<p>quality project results.</p> <p>3. Participation of associated partner organisations: In addition to the organisations formally participating in the project (the coordinator and partner organisations), Cooperation Partnerships may also involve other partners from the public or private sector that contribute to the implementation of specific project tasks/activities or support the promotion and sustainability of the project.</p> <p>Within an Erasmus+ project, these partners will be called "associated partners". For eligibility and contractual management aspects, they are not considered to be project partners, and they do not receive any funding from the Programme as part of the project. However, in order to understand their role within the partnership and have a global picture of the proposal, their involvement in the project and in the different activities needs to be clearly described.</p>
<p>Consortium Composition</p>	<p>A Cooperation Partnership is a transnational project and must involve minimum of three organisations from three different EU Member States or third countries associated to the Programme.</p> <p>There is no maximum number of participating organisations in one partnership.</p> <p>All participating organisations must be identified at the time of applying for a grant.</p> <p>As a general rule, Cooperation Partnerships target the cooperation between organisations established in EU Member States or third countries associated to the Programme.</p> <p>However, organisations from third countries not associated to the Programme can be involved as partners (not as applicants), if their participation brings an essential added value to the project and as long as the minimum participation from three organisations from three different EU Member States or third countries associated to the Programme is fulfilled.</p>
<p>Budget specifications</p>	<p>The proposed funding model consists of a menu of 3 single lump sums, corresponding to the total grant amount for the project: 120 000 EUR, 250 000 EUR and 400 000 EUR. Applicants will choose between the 3 pre-defined amounts according to the activities they want to undertake and the results they want to achieve.</p>

CREA

Funding Programme European Cooperation projects Small/Medium/Large Scale Deadline: 23 February 2023 17:00:00 Brussels time	
Scope	<p>These actions will support projects involving a large diversity of players active in different cultural and creative sectors, to carry out a broad spectrum of activities and initiatives. The action is anchored in the policy framework of the Culture strand of the Creative Europe programme and its cross-cutting issues (inclusiveness, reduction of environmental impact and gender equality). European cooperation projects are also designed to contribute to the implementation of emerging EU policy initiatives such as the New European Bauhaus.</p>
Objectives (bullet points)	<p>Support will be given to cooperation projects contributing to one of the following objectives:</p> <ul style="list-style-type: none"> • Objective 1 - Transnational creation and circulation: to strengthen the transnational <u>creation</u> and circulation of European works and artists; • Objective 2 – Innovation: to enhance the capacity of European cultural and creative sectors to nurture talents, to <u>innovate</u>, to prosper and to generate jobs and growth. <p>In addition to contributing to the objectives referred to above, projects shall address at least one (and no more than two) of the following priorities:</p> <ol style="list-style-type: none"> 1. Audience: to increase cultural access to and participation in culture as well as audience engagement and development both physically and digitally; 2. Social inclusion: to promote societal resilience and to enhance social inclusion in/through culture in particular of/for people with disabilities, people belonging to

minorities and people belonging to socially marginalised groups, as well as intercultural dialogue;

3. **Sustainability:** in line with the European Green Deal and the New European Bauhaus, to co-create, adopt and disseminate more environment-friendly practices, as well as to raise awareness on sustainable development through cultural activities;
4. **Digital:** to help the European cultural and creative sectors to undertake or accelerate their digital transition, also as a response to the COVID-19 crisis;
5. **International dimension:** to build the capacity within the European cultural and creative sectors, including grass-roots organisations and micro-organisations, to be active at the international level – in Europe and beyond;

Further to these priorities, **annual sector-specific priorities** for the following sectors have been defined to reinforce the programme's sectoral approach: **cultural heritage, music, book and publishing, architecture, fashion and design, sustainable cultural tourism**. These priorities are based on political dialogues and stakeholders' consultations such as the Music Moves Europe Initiative or the experiences of the European Year of Cultural Heritage 2018, and respond to identified shared needs in those cultural and creative sectors whose specific challenges require a more targeted approach. Indicatively 20% of the budget allocated to this action will be used to support projects addressing these sector-specific activities.

6. Annual sector-specific priority (for the sectors of cultural heritage, music, book and publishing, architecture, fashion and design, sustainable cultural tourism): capacity building and training activities (and other skills development activities such as mentoring, peer learning, networking, etc.) specific to the sectors mentioned above. The objective of this priority is to foster talents and enhance the entrepreneurial and professional development capacities of artists and professionals, of the concerned sectors to

	<p>adapt to new creative processes, business models and market developments, and to embrace the digital and green transition. Particular focus will be put on the acquisition of skills and knowledge on:</p> <ul style="list-style-type: none"> • Entrepreneurship and professional development (such as audience development, marketing, promotion, distribution, monetisation, self-entrepreneurship, contract and remuneration negotiation etc.), • Digitalisation (3D, AI technologies, big data, blockchain, Metaverse, NFT, etc.), • Greening of the value chain and sustainable business models.
<p>Eligibility Partnership</p>	<p>& In order to be eligible, the applicants (beneficiaries and affiliated entities) must: – be legal entities (public or private bodies) – be established in one of the eligible countries, i.e.: – Creative Europe Participating Countries: – EU Member States (including overseas countries and territories (OCTs)) – non-EU countries: – listed EEA countries and countries associated to the Creative Europe Programme or countries which are in ongoing negotiations for an association agreement and where the agreement enters into force before grant signature (<u>list of participating countries</u>). Funding Programme	
Promoting rights and values by empowering the civic space Deadline date: 25 May 2023 17:00:00 Brussels time	
Scope	

<p>Objectives (bullet points)</p>	<p>Promoting rights and values by empowering the civic space</p> <p>In line with the Charter Strategy and following up to the Charter Report 2022 on a thriving civic space for upholding fundamental rights in the EU, projects under this priority should promote rights and values by empowering civil society actors to work together at the local, regional and national levels on the fields covered by the programme. Projects should also help create a channel of communication with the EU level to report on the state of the civic space in their countries and voice their concerns.</p> <p>More specifically, projects could create a systematic and comprehensive monitoring system to regularly and consistently monitor the environment in which civil society organisations work in the national contexts, building on the Fundamental Rights Agency indicators about the shrinking civic space and internal organisations’ data, and in particular of breaches of CSOs and rights defenders’ fundamental rights.</p> <p>Projects could also support and enhance the protection of CSOs, their members and rights defenders working to protect and promote EU values under attack.</p> <p>Transnational partnerships with mutual learning possibilities for partners in several EU Member States are particularly encouraged to apply, as well as networks of relevant actors at the national level such as National Human Rights Institutions (NHRIs), Equality bodies, Ombuds-institution and the national Charter Focal Points.</p>
<p>Who can apply?</p>	<p>In order to be eligible, the applicants (lead applicants “Coordinator”, co-applicants and affiliated entities) must:</p> <ul style="list-style-type: none"> – For lead applicants (i.e. the “Coordinator”): be non-profit legal entities (private bodies) – For co-applicants: be non-profit or profit legal entities (public or private bodies). Organisations which are profit-oriented may apply only in partnership with private non-profit organisations; – be formally established in one of the eligible countries, i.e.: – EU Member States (including overseas countries and territories (OCTs))
<p>Consortium Composition</p>	<p>Proposals must be submitted by a consortium of at least 1 applicant (beneficiary; not affiliated entities).</p>

Budget specifications	<p>The EU grant applied for cannot be lower than EUR 75 000;</p> <p>The available call budget is EUR 16 000 000.</p> <p>Project budget (maximum grant amount): No limit.</p>

<p>Funding Programme Protecting EU values and rights by combating hate speech and hate crime Deadline date: 25 May 2023 17:00:00 Brussels time</p>	
Scope	<p>This call for proposals will promote rights and values by building primarily civil society organisations' capacity and awareness of the Charter and by carrying out activities to ensure that the Charter is upheld. Projects will be selected to ensure a balanced representation of the five priorities. Projects can be national or transnational. Transnational projects are particularly encouraged.</p>
Objectives (bullet points)	<p>Protecting EU values and rights by combating hate crime and hate speech.</p> <p>All forms and manifestations of hatred are incompatible with the EU values and the fundamental rights enshrined in Article 2 of the Treaty and the Charter. Hatred affects the individual victims and the groups they belong to, generates societal polarisation and silences wide sectors of the population, weakening pluralism and undermining respectful public democratic debates. The online world has amplified the negative effects of hate speech. Hate crimes are a direct violation of the victims' fundamental right to dignity, to equality and non-discrimination. Combating hate speech and hate crime is therefore a key part of the Commission's action to promote EU values and to ensure that the Charter is upheld.</p> <p>At the EU level, the 2008 Council Framework Decision requires the criminalisation of certain forms of hate speech and hate crimes. Also, the Commission adopted a Communication in December 2021 inviting the Council of the European Union to extend the legal basis for EU-level criminalisation to other forms of hate speech and hate crime beyond the racist and xenophobic grounds already covered by the Framework Decision.</p>

	Civil society organisations play a crucial role in combating hate speech and hate crime, thereby safeguarding and promoting fundamental rights. Projects under this priority should aim to enable civil society organisations to establish mechanisms of cooperation with public authorities to support the reporting of episodes of hate crime and hate speech; to ensure support to victims of hate speech and hate crime; and to support law enforcement, including through training or data collection methodologies and tools. Projects should also focus on activities that tackle hate speech online, including reporting content to IT companies, designing countering narrative and awareness-raising campaigns, and educational activities to address the societal challenges of hate speech online.

Funding Programme	
Networks of Towns Deadline date: 20 April 2023 17:00:00 Brussels time	
Scope	Networks of Towns will give towns and municipalities the possibility to deepen and intensify their cooperation and debate, develop sustainable networks and outline their long-term vision for the future of European integration.

	<p>The Commission expects Networks of Towns to reflect on a holistic narrative for Europe, one that is people-oriented, forward-looking and constructive, and that would be more engaging for the younger generation in particular. Projects may be based on the outcome of citizens' consultations and may lead to debates about specific ways to create a more democratic EU, encourage citizens to re-engage with the EU and help them develop a stronger sense of ownership of the European project.</p>
<p>Objectives (bullet points)</p>	<p>To promote exchanges between citizens of different countries; • To give citizens the opportunity to discover the cultural diversity of the European Union and to make them aware that European values and cultural heritage constitute the foundation for a common future; To guarantee peaceful relations between Europeans and to ensure their active participation at the local level; • To reinforce mutual understanding and friendship between European citizens; • To encourage cooperation between municipalities and the exchange of best practices; • To support good local governance and reinforce the role of local and regional authorities in the European integration process.</p>
<p>Who can apply? And eligibility</p>	<p>In order to be eligible, the applicants (beneficiaries and affiliated entities) must: – be legal entities (public or private bodies) – be established in one of the eligible countries, i.e.: – EU Member States (including overseas countries and territories (OCTs)) – non-EU countries: – countries associated to the CERV Programme or countries which are in ongoing negotiations for an association agreement and where the association agreement enters into force before grant signature (list of participating countries) – other eligibility conditions: - for lead applicants 'coordinators' 10 and co-applicants: be non-profit making towns/municipalities and/or other levels of local authorities or their twinning committees or other non-profit organisations representing local authorities. - activities must take place in at least two different eligible programme countries. - the application must involve at least four applicants (lead applicant 'coordinator' and at least three co-applicants not being affiliated entity or associated partner) from at least four different eligible countries of which at least two are EU Member States.</p>

Consortium Composition	Proposals must be submitted by a consortium of at least 4 applicants (beneficiaries; not affiliated entities or associated partners), which complies with the following conditions: – entities are towns/municipalities and/or other levels of local authorities, their twinning committees or other non-profit organisations representing local authorities; these must come from at least 4 different eligible countries of which at least 2 are EU Member States.
Budget specifications	The available call budget is EUR 6.000.000 Project budget (maximum grant amount): no limit.

Funding Programme
Capacity building in the field of Vocational education and training (VET) Deadline date: 28 February 2023 17:00:00 Brussels time

<p>Scope</p>	<p>EURES Targeted Mobility Scheme (TMS), constitutes a European labour market activation measure, combining tailor-made recruitment, matching, training and placement services with financial incentives. The support measures may vary according to labour market needs but must at least include provisions for interviews in another Member State/EU country, relocation, linguistic training as well as work and country integration support. The end beneficiaries will be jobseekers and job changers, trainees and apprentices as well as recruiting enterprises, including SMEs. Both individuals and enterprises may receive direct financial support in the form of targeted allowances. Placements may, <i>inter alia</i>, take place in the context of transnational initiatives, regional cross-border initiatives and/or projects dedicated to particular sector(s).</p> <p>Applicant organisations are free to choose the activities, methods and tools etc. to implement their action, on condition that they indicate separate targets for measures offered for the young (aged from 18 to 35) and for 35+ job seekers as well as comply with the mandatory framework for the provision of assistance and financial support to target groups laid down in Annex “Implementing Guide”. Both age groups (group from 18 to 35 years and group 35+ years) have to be covered in proposals submitted under this call; placement targets need to be indicated.</p>
<p>Objectives (bullet points)</p>	<p>The overall objective of this call for proposals is to ensure around 4 000 placements over the duration of the action in economic sectors with hard-to-fill vacancies.</p> <p>EURES TMS is designed to support the development of actions for the work placement of EU/EEA (Norway and Iceland) jobseekers over 18 years, including the most vulnerable (e.g. unemployed and long-term unemployed, low-skilled people and in general those loosely attached to the labour market), helping them to find a job opportunity in another EU/EEA country (Norway, Iceland) in particular in economic sectors with hard-to-fill vacancies. The granted projects shall provide customised employment services, facilitating jobseekers to address mobility obstacles.</p> <p>The action being strongly result-oriented, it should contribute to:</p> <ol style="list-style-type: none"> 1. address labour market needs; 2. improve the conditions for jobseekers and workers to exercise their right of freedom of movement across the EU and to address labour markets' imbalances and, labour and skills shortages. 3. enhance the service catalogue of the EURES organisations; 4. foster public-private partnerships within EURES

<p>Who can apply?</p>	<p>In order to be eligible, the coordinators (lead applicants) must:</p> <ul style="list-style-type: none"> - be legal entities (public or private bodies) - be established in one of the eligible countries, i.e.: - EU MS (including overseas countries and territories (OCTs)) - be EURES National Coordination Offices, EURES members or EURES partners which are placed in organisations whose main mission is to ensure the provision of employment and placement services to jobseekers, job changers, trainee/apprentice candidates and employers covering jobs and/or work-based trainings. Those services must include information, recruitment, matching and pre- and post-placement support.

Digital

Funding Programme	
Data space for smart communities (deployment) Deadline date: 24 January 2023 17:00:00 Brussels time	
Scope	<p>The action will fund a consortium of relevant supply and demand-side stakeholders to foster innovation among a large number of EU cities and communities, without prejudice to sector legislation. The pilots will comply with the smart communities' data space blueprint principles and when appropriate use existing standards and follow sectorial legislation. Pilots should cooperate in their impact assessment and generate a common understanding of progress towards the Green transition. In addition, the pilots should ensure compatibility with the principles of the New European Bauhaus and liaise with the project implementing Digital Solutions in support of the New European Bauhaus when relevant.</p>
Objectives (bullet points)	<p>The action will then support, through cascading grants to third-party consortia, and pilots, using data available from the data space for smart communities, which should create added value by combining data from at least two of the areas specified below (but can also include other related domains):</p> <ul style="list-style-type: none"> • predictive traffic management/sustainable mobility planning, exploiting synergies with the data available on the mobility data space and with the data available on transport National Access Points and making use of the Sustainable Urban Mobility Indicators; • data services related to extreme weather events to facilitate climate change adaptation, risk prevention and disaster resilience; • management of energy flows in a city/community-specific context and in conjunction with other sectors; • targeting zero pollution (e.g. air, water, soil pollution or waste).

Who can apply? Eligibility	<p>In order to be eligible, the applicants (beneficiaries and affiliated entities) must: – be legal entities (public or private bodies) – be established in one of the eligible countries, i.e.: – EU Member States (including overseas countries and territories (OCTs)) – non-EU countries (except for topics with restrictions; see below): – listed EEA countries and countries associated to the Digital Europe Programme or countries which are in ongoing negotiations for an association agreement and where the agreement enters into force before grant signature (together ‘DEP associated countries’, see list of participating countries⁽⁶⁾)</p>

<p>Funding Programme</p> <p>Promoting community sponsorship schemes and integration of persons in need of protection Deadline date: 16 May 2023 17:00:00 Brussels time</p>	
<p>Scope Objectives (bullet points)</p>	<p>Topic 1 - Promoting community sponsorship schemes and integration of persons in need of international protection</p> <p>The general objective of this topic is to increase the impact and the sustainability of community sponsorships as regards the number of persons in need of international protection covered, the effectiveness of the integration of the persons in need of international protection and should also enhance the quality of the programmes. This general objective can be achieved by supporting actions aiming at mobilising local support and building strong partnerships between key stakeholders that are pursuing one or more of the following specific objectives: 1. developing community sponsorship activities that focus on housing solutions; 2. expanding the number of Member States that operate community sponsorship programmes; 3. increasing the number, quality and commitment of sponsors, who are at the core of community sponsorship programmes; 4. promoting a higher diversity of sponsors, with a particular emphasis on mobilising diaspora communities in the Member States;</p> <p>Topic 2 - Integration and inclusion at regional and local level</p> <p>The objective of the topic is to help develop and implement local integration strategies as well as increasing the effectiveness of migrants' inclusion at regional and local level Proposals that include the design of concrete good practices and their dissemination through transnational cooperation between relevant stakeholders in the development and implementation of local integration strategies will be considered particularly relevant.</p> <p>Topic 3 - Support to integration in education of migrant children and young adults</p> <p>The general objective of the topic is to lead to more effective language learning for migrant children involving local stakeholders, including schools, NGOs, local and regional authorities and migrant-led organisations. This can be achieved through the following specific objectives:</p>

- providing adapted and balanced language reception/introduction classes for both children;
- creating an inclusive school culture and maintaining and building on languages of migrant learners spoken at home;
- developing a favourable environment for migrants' inclusion in non-formal and informal education.

Topic 4 - Multi-stakeholder initiatives for migrant integration into the labour market

Proposals should address one or more of the following specific objectives:

- strengthen cooperation between labour market actors and migrants themselves at EU, regional, national and local levels by creating and/or reinforcing transnational partnerships on labour market inclusion;
- advance effective inclusion of migrants in the labour market both early on after their arrival in the EU and at a level adequate to their qualifications, including by mobilising all stakeholders who can help and by promoting/ building on the EU tools available;
- contribute to a better matching between skills, competences and qualifications of migrants that are already in the EU, on the one hand, and demand on EU labour markets (including labour shortages) on the other hand;
- Promote inclusive workplaces, including by raising awareness about direct and indirect discrimination and elaborating good practice on tackling discrimination and promoting diversity in the workplace;
- Promote sustainable employment conditions for migrants, in particular beneficiaries of international and temporary protection and applicants for international protection.

Topic 5 - Promoting complementary pathways linked to work

The general objective of this topic is to increase the impact and the sustainability of complementary labour pathways as regards the numbers of legal admission places and the quality of the programmes. This could be achieved via one or more of the following specific objectives:

1. creating new and/or upscaling existing complementary labour pathway programmes to offer more places of admission to skilled persons in need of international protection and address labour shortages in the Member States,
2. expanding the number of Member States that implement such programmes and expanding the number of businesses willing to engage,
3. creating the necessary (facilitated) procedures and support structures to enable admission of skilled persons in need

	<p>of international protection through complementary labour pathway programmes. Programmes should be designed in such a way as to promote the integration of beneficiaries in the host society.</p> <p>Topic 6- Transnational actions to support Member States in the field of protection of children in migration</p> <p>The objective of the topic is to stimulate and support the exchange of good practices and knowledge-sharing amongst various relevant actors, in particular, public administrations and institutions, international organisations, private organisations and citizens (non-exhaustive list) – on the types of support to be given to guardians of unaccompanied migrant children, in the function of their specific needs. Projects aimed at capacity-building for institutionalised care or research shall not be financed under this topic. Activities that can be funded: Proposals should include activities aimed at increasing the exchange amongst relevant actors of good practices, and enhancing knowledge across the EU on supporting the transition of unaccompanied migrant children to adulthood, in particular:</p> <ul style="list-style-type: none"> • conferences/workshops/seminars/thematic meetings; • study visits; • exchange programs; • developing training modules that can be further shared for other similar actions in the future, including outside the scope of the financed program; • developing practical support 'concept modules' that can be then applied in tobe-defined contexts; • providing training developed under the program or in other contexts to the chosen beneficiaries of the program – public and/or private actors who provide support to guardians. The list above is not exhaustive or cumulative, and proposals may include other actions beyond those listed above. The proposal should clearly lay down how the actions will serve to increase the exchange of good practices and to enhance the knowledge across the EU on supporting the transition of unaccompanied migrant children to adulthood.
<p>Who can apply?</p>	<p>In order to be eligible, the applicants (beneficiaries and affiliated entities) must: – be legal entities (public or private bodies) – be established in one of the eligible countries, i.e.: – EU Member States (including overseas countries and territories (OCTs)), excluding Denmark, countries associated to the AMIF or countries which are in ongoing negotiations for an association agreement and</p>

	<p>where the agreement enters into force before grant signature;</p>
<p>What types of organisations are eligible to participate in the project?</p>	<p>International organisations — International organisations are eligible for all topics but can be coordinators only under topics 1, 5 and 6. International organisations can participate as co-beneficiaries regardless of their geographical location</p>
